Part Three: High Speed Rail (Crewe – Manchester) Supplementary Environmental Statement 2 and Additional Provision 2 Environmental Statement Consultation

On 24 January 2022 the Government deposited the High Speed Rail (Crewe – Manchester) Bill in Parliament seeking powers to construct, operate and maintain the next part of the HS2 railway, between Crewe and Manchester. Alongside it was an Environmental Statement, which reported the likely significant environmental effects. It also reported how we plan to avoid, reduce or manage these effects.

Following the deposit of the Bill, the need for a number of changes and amendments to the design and construction assumptions was identified, and in July 2022 a first set of proposed changes to the Bill, known as Additional Provision 1 (AP1) was introduced to Parliament. AP1 was accompanied by an Environmental Statement (AP1 ES) and a Supplementary Environmental Statement (SES1), which set out the likely significant environmental effects resulting from the changes proposed.

Since the publication of AP1, the need for further changes have been identified and a second set of proposed changes to the High Speed Rail (Crewe - Manchester) Bill, known as Additional Provision 2 (AP2), has now been introduced to Parliament.

AP2 is accompanied by an Environment Statement (AP2 ES) and a Supplementary Environmental Statement (SES2). Any new, different or removed significant environmental effects that are likely to result from changes to the design and construction assumptions within the existing Bill powers and limits are reported in the SES2. Further amendments that are outside of the Bill limits are set out in AP2 and any new, different or removed significant environmental effects are reported in the AP2 ES

The AP2 ES and the SES2 are separate environmental statements, but are presented in the following combined volumes so that they can be read together. These documents only cover areas where changes are proposed as part of AP2:

- **Non-technical summary (NTS)**
- **Volume 1: Introduction and methodology**
- **Volume 2: Community Area (CA) reports and map books:**
 - MA01 – Hough to Walley’s Green
 - MA02 – Wimboldsley to Lostock Gralam
 - MA03 – Pickmere to Agden and Hulseheath
 - MA06 – Hulseheath to Manchester Airport
 - MA07 – Davenport Green to Ardwick
 - MA08 – Manchester Piccadilly station
- **Volume 3: Route-wide effects**
- **Volume 4: Off-route effects and map book**
- **Volume 5: Technical appendices and map books**

You can find them via: <https://www.hs2.org.uk/crewe-manchester>.

Your comments on the AP2 ES and the SES2 will go to an independent assessor appointed by Parliament, who will summarise the issues raised in a report which will be presented to Parliament.

Please let us know your views on the Supplementary Environmental Statement 2 and the Additional Provision 2 Environmental Statement by responding to these questions:
